

BEE Branch Microwave Theory and Techniques Days

(Thursday 4th & Friday 5th, April)

Program:

Thursday 4th

16h00 – 18h00

Maurizio Bozzi, IEEE Fellow -

“Substrate Integrated Waveguide (SIW) Technology: State-of-the-Art and Perspectives”

Welcome Coffee

Friday 5th

7h45 – 8h00

Welcome Coffee

8h00 – 8h10

Anthony Ghiotto, IEEE Senior Member & MTT French Chapter Chair – “Welcome to Bordeaux”

8h10 – 9h00

Luca Perregrini, IEEE Fellow & MTT Transaction Editor in Chief – “How to write a technical paper (and get it published)”

9h00 – 9h20

Tifenn Martin, IEEE Student Member & SBC MTT Chapter Chair – IMS2019 paper repetition – “Compact Quasi-Elliptic and Highly Selective AFSIW Filter with Multilayer Cross-Coupling”

9h20 – 10h10

Simone Bastioli, IEEE MTT Distinguished Microwave Lecturer – “Nonresonating Modes Do It Better!”

10h10 – 10h30

Coffee Break and visit of the IMS research center RF laboratory

10h30 – 11h15

Dominique Schreurs, IEEE Fellow & IEEE MTT President – “Review of emerging RF technologies”

11h15 – 12h00

Francois Deborgies, ESA RF Technology Advisor – “To be determined”
